

Alne Village Hall

We work constantly all year round to maintain and improve the facilities we can offer at the village hall. All monies received from hiring and events is reinvested into running and maintaining the hall. For many large jobs we rely on grants from various bodies.

2025 Main improvement work on the hall includes;

3 x New internal heaters Feb 2025

Back Gatepost - replaced April 2025

Back Gate & Fence stained to match the front border fence August 2025

Border Fence re-stained August 2025

New Water Butt - August 2025

Purchased new notices & signs for various areas of the hall

Purchased new Fire Alarm panel power board & batteries

Various smaller jobs carried out at the hall include, replacing sockets, bulbs, fixing key safe, silicone sink area in ladies toilets and arranging PAT testing.

Project supported by Hambleton District Council
