

Alne Village Hall

2023 Maintenance, projects & repairs

We work constantly all year round to maintain and improve the facilities we can offer at the village hall. All monies received from hiring and events is reinvested into running and maintaining the hall. For many large jobs we rely on grants from various bodies. In 2023 we were fortunate enough to receive a grant from North Yorkshire Council and Alne Parish Council to pay for some new windows and a new back door.

Previous grants have been awarded to us by FCC Communities Foundation (previously Wren), The Big Lottery and Garfield Weston amongst others.

Recent work on the hall includes;

Full Fire & Emergency Lighting and Electrical certification (January 2023)

New urinal sensor (May 2023)

WIFI installed (May 2023)

Repair main hall blinds (June 2023)

Replacement element hand wash boiler element (June 2023)

New back door (August 2023)

2 x new windows (high level) (August 2023)

New hot drinks water boiler (November 2023)

Installation of memorial bench in memory of Jean Macrae (November 2023)

Installation of ground sleeve (for Xmas tree) (November 2023)
