

BIRCHWOOD BOILER HOUSE COMMUNITY HALL

VOLUNTEERS

We 'employ' various local residents in a range of duties to maintain the viability of our venue, these include, cleaners ,secretary, treasurer, chairman & supporting management members. Group leaders using the Hall also contribute also.

Whilst we do not pay, we do offer expences to our stalwart cleaners/caretakers who operate across each day of the week giving up time , often between one - two hours daily.

Ensuring the premises are maintained to a high standard and safety.

This would include water quality, fire safety, lighting, supplies.

We are always looking to enhance our team and looking for people who can offer time.

Especially cleaning, Monday, Wednesday & Friday where currently over these days approx three hours per week.

Job descriptions for each role and support given.

We close at Christmas for about two weeks and during school breaks our bookings reduce especially during the summer, so input is less.
