

# Birchwood Boiler House Community Hall

## Safeguarding Children

Whilst we do not supervise groups or individuals, we do have a responsibility toward the Safeguarding and Protection of everyone, especially children.

Lincolnshire County Council guidelines are available on the net and we have produced the following useful guide to our hireres. Groups using the Hall will have there own procedures and be registered to work with children.

All persons who use our premises shall be aware of any concerns, such as abuse, harm, danger or bullying toward children.

This can manifest within gatherings without noticing, it is the duty of everyone to address any issue they feel constitutes harm in any shape or form.

Report to the person responsible observations and ultimately to the County Council.

Adult supervisors must ensure children do not wander off the premises and do not enter the kitchen without supervision.

Whilst we are insured for Public Liability, persons contracting equipment hire such as discos, bouncy castles etc have a safety certificate or PAT tested to operate in the public domain.

We cannot be held responsible for any loss, damage or harm beyond what we provide.

*Whilst we welcome any questions or concerns you may have, please either talk to our volunteer caretaker or to the secretary;*
