1. General Statement

Bishop Middleham Village Hall is a CIO (Charitable Incorporated Organisation) registered with the Charity Commission, RCN 1174380.

Our policy is to:

- Provide healthy and safe working conditions, equipment and procedures for Committee members, employees, contractors, hirers, users, and other visitors.
- Keep the village hall and equipment in a safe condition for all users.
- Provide such advice and information as is necessary for Committee members, employees, contractors, hirers, users, and other visitors.

It is the intention of the Committee to comply with all relevant Health & Safety legislation and to act positively where it can reasonably do so to prevent injury, ill health or any danger arising from its activities and operations. To this end, the Committee will encourage its members, employees, contractors, hirers, users, and visitors to engage in the observance of safe working and other practices.

Hirers, users, and visitors will be expected to recognise that there is a duty on them to comply with the practices set out by the Committee, with all safety requirements set out in the Room Hire Terms and Conditions and with safety notices on the premises, also to accept responsibility to do everything they can to prevent injury to themselves or others.

2. Organisation of Health & Safety

It is the duty of all contractors, hirers, users, and visitors to take care of themselves and others who may be affected by their activities and to ensure that adequate safeguards are in place to protect the wellbeing of those with disabilities, children, young people, and vulnerable adults.

Children, young people (under the age of 18 years) and vulnerable adults must always have appropriate supervision. Hirers who run or facilitate groups/training/events for children, young people and vulnerable adults must comply with current and relevant safeguarding legislation.

All hirers must undertake their own risk assessments prior to sessions/events and comply with any relevant legislation where appropriate.

Should anyone using the hall become aware of a fault, damage, a hazard, or situation that may cause injury or danger and cannot be immediately rectified, they should inform the caretaker or a member of the Committee as soon as possible so that the problem can be dealt with.

The Committee, made up of the Trustees and staff, has overall responsibility for the village hall, and specifically:

First Aid Box – Yvonne Huston (Caretaker)

Reporting of Accidents – Yvonne Huston (Caretaker)

Fire Precautions & Checks – John Burrows (Trustee)/Julie Thomson (Administrator)

Risk Assessment & Inspections – John Burrows (Trustee)/Julie Thomson (Administrator)

Information to Contractors – Jane Brownlee (Chair of the Trustees)/Julie Thomson (Administrator)

Information to Hirers – Julie Thomson (Administrator)

Insurance – Sarah Oakley (Treasurer)

3. Equipment

Where equipment is damaged or otherwise faulty, a notice should be placed on it warning that it is not to be used and the caretaker should be informed as soon as possible.

Any items or equipment brought into the hall, or stored in the hall, by contractors, hirers, users, and visitors is the responsibility of those persons and is at their own risk. The items/equipment must be safe to use and comply with all relevant Health & Safety legislation.

Cooking facilities and other electrical equipment in the village hall must only be used by, or with the supervision of responsible adults (over the age of 18 years).

Electrical extensions must not be 'daisy-chained'.

Flammable or dangerous substances are not allowed.

Candles are not allowed without prior consent of the Committee.

4. Contractors and Self-Employed Workers

Occasionally, contractors or self-employed individuals may be asked to undertake work relating to the village hall. Examples of this may include (but not limited to) the services of qualified professionals such as electricians, plumbers, or other maintenance workers.

Where lone working is unavoidable, as minimum the following must be adhered to:

- All contractors/self-employed workers will be responsible for their own risk assessment prior to undertaking any work.
- It is their responsibility to ensure tools, equipment and materials are well maintained, fit for purpose, and comply with any relevant guidance or legislation.
- Protective clothing/eye protection/safety footwear must be worn accordingly.
- It is the responsibility of the contractor/self employed person to ensure that there is a system in place for lone working in the event urgent assistance is required, for example by mobile telephone. Equally, they should ensure that a third party is aware of their presence at the village hall.

5. Procedures and Arrangements

Licence

The village hall is licensed for music, singing and dancing by Durham County Council. The sale of alcohol requires a Temporary Event Notice

Before Admission to guests/attendees, hirers should check that:

- All exit doors are unlocked.
