

HALL EQUIPMENT HIRE RATES 2026

Onsite equipment use:

If hiring either of the halls then use of the kitchen and loan of all equipment (with exception of the popcorn machine and AV equipment) are included in the hire price. AV equipment and the popcorn machine are chargeable because they require set up.

Offset equipment use:

We loan out Village Hall equipment for use at village events and private parties to support villagers to have low cost gatherings and to encourage use of shared assets.

Suggested donation amounts are below and we ask for a minimum total donation of £15 to recognise the effort of Village Hall volunteers in arranging equipment pick up and collection at the Hall.

Item	Suggested donation per item	Qty available
