Other information.

All areas hired must be returned clean and tidy with waste and recycling carried out. Otherwise, a charge of £20 per hour will be applied.

All hall users must be aware that the toilets accessed from the lobby area are also for public use and therefore not exclusive use during events. Public access hours in high season are normally 08:00-20:00 and low season 08:30-17:00. We may vary these summer hours particularly at weekends if the situation justifies early closure. During a wedding or funeral the lobby may be closed off to the public for privacy.

The community fridge/food team will have access to their area every evening typically between 19:00-21:00.
