ADVICE TO ALL HIRERS

- Whilst you are hiring the building for your use, KL Youth & Community Centre is not responsible for the Health and Safety requirements of your activity. We recommend that a full Risk Assessment is carried out prior to the commencement of the activity and recorded in writing. This should be reviewed annually or each time there is a change in activity.
- All hirers should ensure their public liability insurance is maintained at all times.
- All hirers are responsible for their own first aid and should provide their own fire aid kit and should have procedures in place to deal and record all accidents.
- KL Youth & Community Centre require that all hirers working with children and young people and vulnerable adults should have a Safeguarding Policy and procedure in place. An annual review of the policy and procedure should be carried out to ensure all conditions are being complied with.

All hirers by proceeding with their bookings acknowledge and accept our 'Advice To All Hirers' and 'Terms & Conditions' without reservation.
