

Mowsley Village Hall

Important Information for Hirer

- **WIFI:**

Village Hall is - PLUSNET-MXC5

Password: 5384c8a48d

- **Heating Thermostat:**

If you alter the temperature manually in the hall, please set it back at 9 degrees before leaving the hall as this will interfere with the pre-set timings that have been programmed in accordance with your booking confirmation details.

- **Bouncy Castle use in the hall:**

The maximum height of a bouncy castle is 10ft, any higher & it will connect with the ceiling drapes & lighting. You will need your own insurance as use of a bouncy castle is not covered by the Village Hall. The company you hire the bouncy castle from will normally arrange insurance for you.

- **I.T. Instructions:**

Full instructions for the ceiling drape lighting, connecting to the music & CD system & connecting a laptop to the projector screen are in the process of being put together.

There are the following connection cables supplied by the Village Hall in order for you to connect your devices if required, these **MUST** remain in the hall. If you damage them, please let a Committee Member know at the conclusion of your event:

1 x cable to connect iPhone 5-11

1x cable to connect iPhone up to 14 pro.

1 x cable to connect android phone which can also be used for iPhone 15.

1 x HDMI cable to connect a laptop to the projector screen.

- **Ladder:**
Lock code: 1860
