

Alcohol Licence

The hall can only make a limited number of alcohol licence applications per year, and these are usually agreed with the hall committee in advance and are associated with large community events.

Should you require an alcohol licence for your private event you should make an application for one to Argyll and Bute Council on the following link.

Please note that applications need to be submitted 35 days prior to the event. You cannot sell alcohol at your event without an alcohol licence specifically for the date and time of your event.
