

# **Stafford North End Community Association Environment and Energy Efficiency Policy**

(Carbon Saving Plan)

## **POLICY STATEMENT**

Stafford North End Community Association Management Committee is an organisation with a diverse membership committed to carry out its activities with environmental efficiency, actively seeking to protect and enhance the local environment within its area of operation. As part of our Carbon Savings Plan the Management Committee is dedicated to the principles of “continual improvement” and will, as in previous years, continue to actively invest in energy efficiency projects that improve the fabric of the building, reduce the energy demand of the hall and facilities, and assist in the implementation of its aims and objectives.

## **AIMS and OBJECTIVES**

In all its activities the centre Management Committee is dedicated to the principles of continual improvement and will strive to:

- instil low carbon behaviour as an integral part of the organisation.
- lead by example to promote low carbon behaviour in the community.
- Encourage the efficient use of energy and non-renewable resources
- Inform users of the Committee’s environmental activities and respond and react to feedback.
- Endeavour to minimise waste, pollution and cost.
- Actively support environmentally friendly activities.
- Recycle and reuse waste materials where possible.
- Meet all relevant environmental legislation and regulations.
- Dispose of all necessary waste through safe and responsible methods.
