

Thank you for your interest in Uplands Community Centre.

We are a charity community centre, meaning all monies made from hall hire goes back into the cost of running and maintaining our centre.

Run by a committee made up of volunteers, who all give their time for free to help run the centre.

Please bare this in mind when using the hall, and also when you contact us. Many of our committee have jobs and other commitments outside of the centre. We will always get back to you as soon as possible.

Thank you.
