## Safeguarding Code

As a condition of using Willand Health and Community Centre we expect organisers of activities to ensure all users keep to our Safeguarding Code.

Please treat all individuals with respect and dignity, and respect people's rights to personal privacy.

In relation to children, young people and vulnerable adults.

1. Ensure nobody is ever alone with a child (0-13) or young person (14-17). (If you need to have one to one interactions with children, young people or vulnerable adults you must inform us. We have to inform our insurers.)
2. Photography of any activity involving children must only take place with the permission of their parents/carers.
3. Do not
  - give lifts to young people or children without prior arrangement with a parent/guardian. (In exceptional circumstances this must be communicated to the parent/guardian as soon as possible.)
  - take a child to the toilet unless you are the parent/carer.
  - allow unknown adults access to children, young people or vulnerable adults.
  - allow strangers to give lifts to children, young people or vulnerable adults.
  - befriend children, young people and vulnerable adults on social media.

If you have any concerns about a child, young person or vulnerable adult or about behaviour incompatible with this code please share them in the first instance by email to [clerk@willandhcc.co.uk](mailto:clerk@willandhcc.co.uk).
